

CHEVENING PARISH COUNCIL

Judith Hayton - Clerk

16 Beaconfields Sevenoaks Kent TN13 2NH

Tel: 07981 759255

E-mail: clerk@cheveningparishcouncil.gov.uk

Minutes of the Council Meeting of Chevening Parish Council, held at 7.30pm on Monday 13th January 2020

at the Recreation Ground Pavilion, Chevening Road, Chipstead TN13 2SA

Present:	Mr A Clark	Chairman
	Mr J Branton	Vice-Chairman
	Mr N Clark	Councillor
	Mr A de Turberville	Councillor
	Mr J Eastwood	Councillor
	Mr N Williams	Councillor
In Attendance:	Mrs J Hayton	Clerk
	Members of the Public	1
Apologies	Ms R Burgess	Councillor
	Mr J Firmager	Councillor
	Mrs L Weavers	Councillor
	Mr J London	SDC

1. Apologies and Absences –

Apologies for absence were received from Cllrs Burgess, Firmager and Weavers and Cllr London from SDC. These were accepted by the Chairman

2. Declarations of interest or lobbying –

there were no declarations of interest or lobbying regarding items on this agenda

3. Minutes of Previous Meeting –

the minutes of the meeting on 7-12-19 previously agreed by email were resolved at the meeting and duly signed by the Chairman as a true record

4. Questions from the Public –

the Member of the Public raised the subject of the bus shelter due to be constructed opposite Rivermere. The Clerk confirmed that the Parish Council had relinquished the grant given for 2019 due to the uncertainty with the bus routes as the grant had to be used and the shelter installed by the end of 2019. The Member of the Public confirmed that it would be much more useful to place the bus shelter on Chipstead Corner rather than opposite Rivermere. The new number 1 and 6 buses both stop on Chipstead Corner and consequently it is very well used. The Chairman asked the Member of the Public to request his fellow bus travellers to contact the Council to confirm their support for a shelter. The Member of the Public offered to raise a petition to that effect and the Chairman accepted and thanked him for his efforts

5. Open Spaces

a) Open Space Inspection

Cllr Clark asked about the missing posts on Chipstead Common at Barnfield Road. The Clerk confirmed that these would be replaced by the contractors when they complete the process of putting post round our open spaces

b) Playground Inspection

there remain no issues with playground

6. Revised meeting dates for 2020

Signed as a True Record

3rd Feb 2020

following the resolution at the December meeting the revised meeting dates for 2020 were circulated resolved and have now been posted on the website

7. Council Standing Orders, Statement of Internal Control and Financial Regulations

the documents were previously circulated to the Council for review and amendment. Cllr Eastwood confirmed that he and the Clerk had been through the documents line by line and had amended any items to fit the Council's operation. The Clerk confirmed that in the new Standing Orders these Financial documents along with all of the other policy and governance documents of the Council must be reviewed as part of the Annual Meeting in May. These will be circulated in advance to enable any comments to be made prior to signing them off by resolution at the Annual Meeting. The Chairman thanked Councillor Eastwood on behalf of all his fellow Councillors for all his hard work and diligence in reviewing this documentation

8. 40 mph at Chevening Cross Roads.

The Council discussed the proposed 40 mph limit which is proposed to extend from the crossroads to Chevening House. Chevening Estate felt having 40 mph signs down Chevening Road to the Church could potentially make cars go faster than if it was national speed limit (with no reminder signs down the road as now). The Council agreed that increasing the number of signs down the road would be unsightly as there are already too many signs in the Parish. The Council resolved to ask KCC to exclude Chevening Rd up to Chevening village from the 40 mile an hour proposed limit

9. Flood Risk

the Flood Warden attended the meeting to raise concerns that the clearing of the Darent at Brasted and Sundridge has put Chipstead under more risk of flooding. A Parishioner of over 40 years has offered to explain the water flows and land ownership in Chipstead as he will shortly be leaving the Parish and this information will be vital. The recent clearing of the arms of the River behind the allotments by Chevening Estates was hugely valuable in the heavy rain we had in December where the water level rose 40 cm under the A21 into Chipstead. There is also concerned as the flood relief channel is permanently running yet the 2 arms of the Darent run dry in the summer. The Flood Defence Committee are trying to get detailed Maps in order to chart the water flow and ownership. Once this has been established meetings with the Environment Agency will be held

10. Parish Council Purchases

The Council debated replacing the hand dryers in the Pavilion as these are over 12 years old and therefore not very energy efficient or effective. It was resolved to buy new dryers for the toilets (ladies, gents and the disabled toilet). The Council also discussed the growing requirement for an amplifier and microphone for the public events which are held (Light up a Life Remembrance Sunday & at the Annual Assembly). It was resolved to authorise the Clerk to spend up to £300 excluding VAT on new equipment. The Clerk confirmed she would liaise with Ian Fox for his expertise in this area and take his recommendation

11. Trees.

The tree survey report which had been commissioned by the Council took place at the beginning of December and had not highlighted any issues. Following the tree which fell on a spectator in the New Field (fortunately without injury) the report was updated with that event in mind. The Inspector confirmed that the reason for the failure was rotten roots on the tree and therefore this would not have been obvious from an inspection. He has subsequently recommended that the ivy be removed from the remaining trees that and these re examined within 3 months. The Clerk obtained a quote of £1580 to have all the 6 months recommendations completed before the end of March. The Council resolved that this must be done and then a subsequent inspection take place of those trees where the ivy has been cleared to ensure the Council's position is properly understood and any issues immediately actioned

12. Park Enhancement Scheme at Chevening.

The Chairman confirmed that he had extended an invitation to Chevening Estates to have a presentation at the Annual Assembly of the proposed Park Enhancement Scheme. This is such a big project it will have impact on parishioners for over 5 years in its development phase and then onwards with their plans for landscaping and planting that it is important to give Parishioners every opportunity to review and comment on the plans. It will be made clear that at the stage of the Annual Assembly the Council will not have debated the Planning Application

and therefore their presence at the Assembly should not be viewed as an endorsement by the Council, merely an additional opportunity for Parishioners to review and comment. The Council resolved to invite Chevening Estates to the Annual Assembly on that basis

13. Request from Chipstead FC to put up two further trophy cabinets in the Pavilion

The Chairman confirmed the Council's support for sports in all forms. There is recognition for the popularity and huge expansion of Chipstead Football Club due to the hard work of its officials. The Council debated at length the redecoration of the pavilion by Chipstead Football Club and in the Council's view the current decoration makes the pavilion appear to be under the ownership of the football club rather than a Parish asset which is jointly shared by both cricket and football and is also used by the community. Councillor Branton agreed to prepare a response to the Football Club concerning their requests and relaying the Council's concern about the signage that they have put up. Cllr Branton undertook to write the letter as he has been closely involved with the football club in the past. The Council resolved to hang the Parish Map which had been removed to accommodate the defibrillator cabinet in the main room of the pavilion. The Chairman asked the Clerk to look into wall mounted display frames so that the council can display Maps during meetings to discuss locations and impacts of various planning applications and other issues as they arise in parish meetings

14. To resolve in principal to bring the Pavilion financials under the control of the Parish Council

Councillor Clark assumed responsibility as Treasurer of the Pavilion Management Committee on the resignation of Councillor Ide. He confirmed that most of the financials of the Pavilion Committee are merely recharging the sports clubs for various bills (the sports clubs pay 100% of the utilities for the pavilion) and transferring money between the Parish Council for the rental of the pavilion and to the Parish Council for the insurance. The Clerk confirmed that it is only non sporting hires which would ever be subject to VAT and these are the Art Club and the Band Practice together with any private parties that take place. Advice obtained from SLCC states that the VAT originally reclaimed on the building would not be subject to repayment to HMRC because so much time had passed and also that the majority of our rental remains for sporting purposes and therefore not subject to VAT. The Clerk confirmed that there is one issue the Council needs to resolve which is the potential sharing of some of the rentals where for example in the winter the heating is on and the football club pay for those costs they should get some reimbursement for the fact that it is being used by a rental. The Clerk will come up with a suggested parameter to reimburse the Sports Club for the utility usage by ad hoc rentals

15. Correspondence Received and General Issues

A) Reports of attempted break in at Football and Cricket storage on Rec.

Break in's were attempted 1st/2nd January with unsuccessful attempts to lever the doors open

16. General Information and proposals for Future Agenda Items

a) LED Streetlighting.

Christmas break has delayed alternative quotes. The Clerk hopes to have these for February

b) Better power supply to Chipstead Green.

The Council discussed the current power supply was installed over 10 years ago and is only powerful enough for lights. The Council felt that the current arrangements (obtaining power from the Bricklayers Arms) was a more than adequate solution for Parish events held on the Green

c) 75th Anniversary of VE Day

The Chairman asked for suggestions as to how the Parish may celebrate the 75th Anniversary on the Bank Holiday 8th May

d) Darent Vegetation Clearance

The planned clearance of vegetation from the Bank of the Darent on Sailing Club Road will now take place end February rather than the beginning

17. Finance

a) Income Received and Cheques Payable –

the payments for January were approved and the Payments and Receipts for December reviewed

b) Budget for 2020/21

The budget for 2020/21 and set the precept at £65,000 (a 7.14% reduction on 2019/20). The Chairman thanked Cllr Eastwood for all his hard work in producing the budget and congratulated him on the financial prudence which resulted in this reduction in precept

18. Planning Applications

A) The Notices received and Council responses are contained in appendix 2

B) Applications Granted or Refused – the Chairman reported on the outcomes of planning applications.

Once again we have parishioners who have complained to SDC where an application has been granted and the neighbours and Parish Council have been ignored.

The meeting closed at 9.45pm

Payments to be agreed for January
